At St. Peter's we are also keen to ensure that Sports Premium Money is spent wisely with the future and continued support of pupils and staff in mind. After auditing staff and obtaining staff views regarded the provision of Physical Education within the school, it was decided that the remainder of Sports Premium Funds would be spent on utilising and bringing in quality assured external coaches. This was seen to be both good for excelling the ability of the children, whilst promoting enjoyment of PE for pupils. This could also be used as part of staff CPD for improving the teaching and learning of PE within the school for future years. This coaching was secured for 12 weeks across a number of sports and year groups.
