

How to access

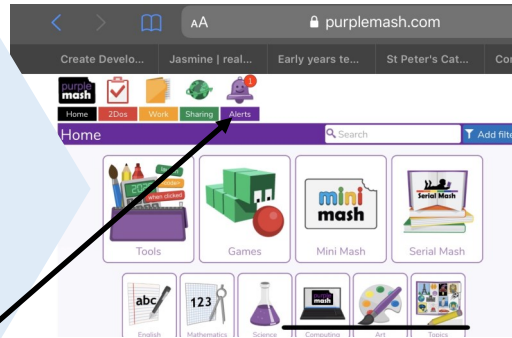

2Dos

A

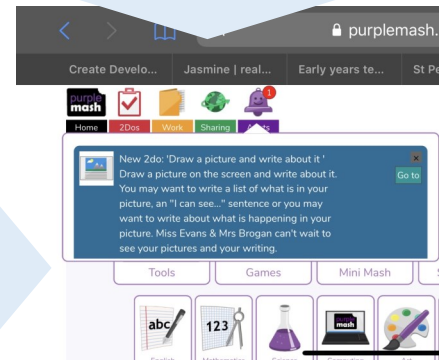

step by step guide

Once you have logged into Purple Mash you will see the home screen like this. Click on the bell icon which should show you an alert.

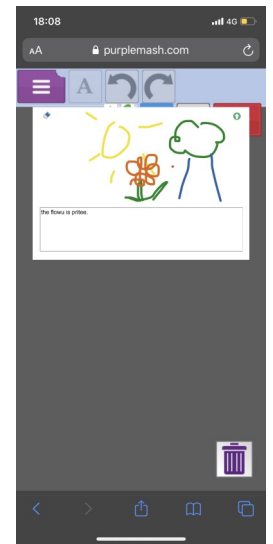

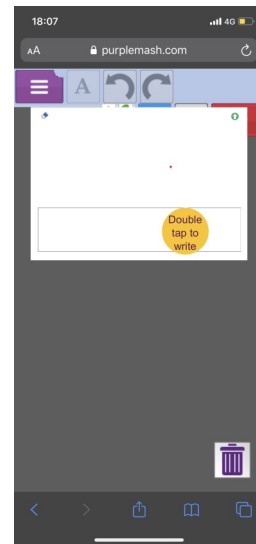

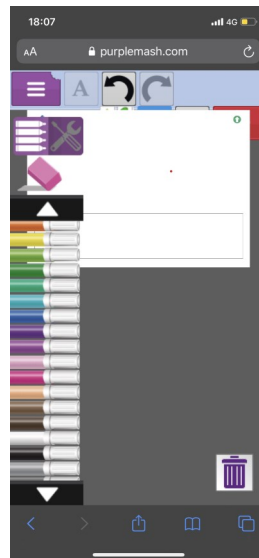

The bell icon should expand and show you any '2Dos'. These are tasks set by your teacher for you to complete.

Click on 'go to' and then it will open up the task.

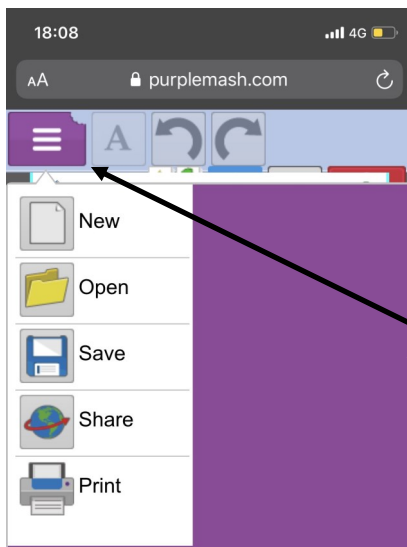

You can then use the pens or other tools to complete your 2Do. You can also add text to your work.

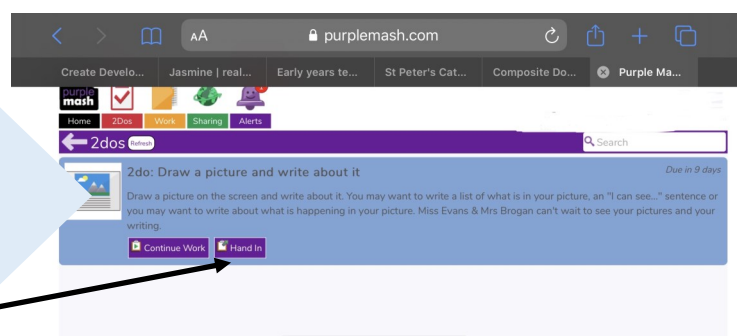

When you have finished your work, save it.

Click on the 3 lines in the top left hand corner and this list will appear.

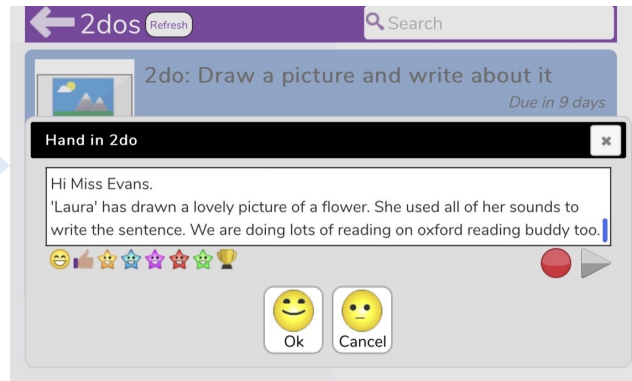

Once you have saved your work, click on the  icon at the top of the page.

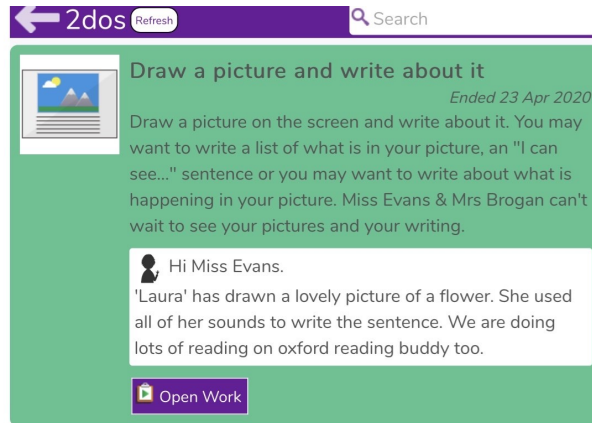

It will then give you the option of 'handing in' your work. Click 'hand in'.

You (or your parents) can then write a little note to your teacher explaining how you got on with the task or if you found anything difficult.

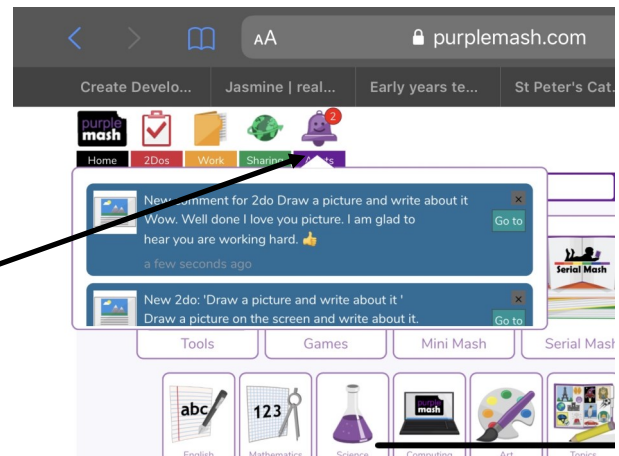

Click 'ok' and then the screen should look like this.

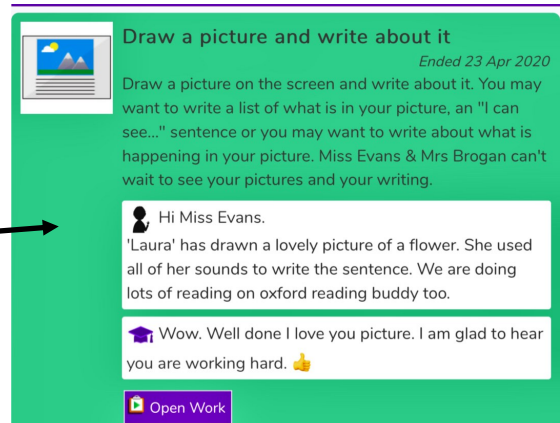

Your teacher will then be able to see that you have completed the task and will be able to read the comment you (or your parent) has written. They will then respond to your efforts!

When they have responded you will be notified when you log in next time.

The 'alert' bell should have a number on it. Click the bell icon and the notification should expand.

Click 'go to' and then you will be able to see your teacher's feedback like this.

Have fun!
