

Safety, Health and Environment (SHE)

GCC COVID-19 RISK ASSESSMENT PROCESS FOR SCHOOLS (FROM STEP 4)

This is an update of the GCC COVID-19 Risk Assessment to support schools and educational settings from Step 4 of the Government Roadmap from 16th August 2021*. The aim of the risk assessment is to implement protective measures in the government's operational guidance to protect your staff, pupils and community.

This update has moved away from the Assess – Plan – Do – Review model previously used (see below) into a more traditional risk assessment format that identifies each hazard, who is at risk, guidance on what you should be doing and any further actions that are required.

Each school/setting must consider their own situation and adapt the assessment by editing the measures where appropriate. Remove any measures that are not relevant or will not be applied in your setting and add any additional local measures that you are implementing, then complete the relevant columns.

Some people at work may have particular characteristics meaning they are at comparatively increased risk from COVID-19 (due to age, deprivation, ethnicity, pregnancy, etc.) and as employer the school must consider them in their risk assessment.

*Please note that this risk assessment may be updated before September 2021 in light of updates to government guidance.

COVID-19 Risk Assessment for Schools & Educational Settings

		<ul style="list-style-type: none"> Follow threshold guidance in school outbreak management plan for reporting and managing an outbreak. School has sufficient supplies of PPE, face coverings, cleaning materials and hand washing/sanitising liquids. Update staff, pupils, stakeholders and visitors on changes in practice – covid safe measures. If a parent/carer insists on a pupil attending your school with symptoms, Headteacher may refuse the pupil if, in their reasonable judgement, it is necessary to protect other pupils and staff from possible infection with COVID-19. 		<p>face coverings and bubbles temporarily</p> <p>Attendance restriction will only be recommended by the government as a last resort.</p>	<p>groups affected</p> <p>HT</p>	<p>From 1.9.2021</p>	
Poor Personal Hygiene	<p>Employees</p> <p>Pupils</p> <p>Young People</p> <p>Families</p> <p>Contractors</p> <p>Visitors</p> <p>Members of the public</p>	<ul style="list-style-type: none"> COVID-19 posters/ signage displayed. Frequent and thorough hand cleaning is regular practice. Pupils and staff to clean their hands when they arrive at school, when they return from breaks, when they change rooms and before and after eating. Sufficient handwashing facilities are available. Where there is no sink, hand sanitiser provided in classrooms. Skin friendly skin cleaning wipes used as an alternative to hand washing or sanitiser. Staff help is available for pupils who have trouble cleaning their hands independently (e.g. small children and pupils with complex needs). Use resources such as “e-bug” to teach effective hand hygiene etc. Adults and pupils are encouraged not to touch their mouth, eyes and nose. Adults and pupils encouraged to use a tissue to cough or sneeze and use bins for tissue waste (‘catch it, bin it, kill it’). Tissues to be provided. Bins for tissues provided and are emptied throughout the day. 		<p>Put in place monitoring and supervision to make sure people are following any controls you have in place, including enhanced cleaning.</p>	<p>HT and Covid Gov</p>	<p>From 1.9.2021</p>	YES

leading to risks of coronavirus spreading	Pupils Young People Families Contractors Visitors Members of the public	<ul style="list-style-type: none"> • Heating used as necessary to ensure comfort levels are maintained when the building is occupied. • Keep windows open wide enough to provide some natural background ventilation and open internal doors to increase air flow. • Open windows fully when rooms are unoccupied for longer periods to purge the air (e.g. lunch times and before and after school). • Action taken to prevent occupants being exposed to draughts. For example, partially open high-level windows as oppose to low-level windows, close external doors and arrange the furniture if appropriate and possible. • Use fans for good air circulation. • Occupants encouraged to wear additional, suitable indoor clothing. (If they have to wear coats, scarves and other outdoor clothing the room would be considered too cold and the above steps must be considered). • Ensure staff meetings and insets are in rooms with suitable and sufficient ventilation. 		steps to improve fresh air flow in these areas.			
Increased risk of infection and complications for workers who are clinically extremely vulnerable and workers in higher- risk groups	Employees Pupils Young People Families Contractors Visitors Members of the public	<ul style="list-style-type: none"> • Identify who in the work force could be clinically extremely vulnerable and refer to government guidance and HSE and PHE guidance on protecting vulnerable workers during the pandemic on how to support workers in higher-risk groups and those who are clinically extremely vulnerable. • Carry out a risk assessment of pregnant workers to identify the risk and measures to be taken. • Some pregnant workers will be at greater risk of severe illness from coronavirus and they should stay at home as much as possible and work from home if they can. • Where adjustments to the job or working from home is not possible pregnant workers will be suspended from work on paid leave. 		<p>Guidance on who is clinically extremely vulnerable and what further support may be available from Public Health England.</p> <p>Keep under review completed individual risk assessments for pregnant workers.</p>	HT	1.9.2021	YES

Airborne spread of COVID	Employees Pupils Young People Families Contractors Visitors Members of the public	<ul style="list-style-type: none"> Although from Step 4, face coverings will no longer be advised for pupils, staff and visitors, persons choosing to wear face coverings as a precaution will not be deterred when outside the classroom. Where staff are in enclosed and crowded spaces, face masks are recommended (but not required). Face coverings recommended on school transport. 			All staff	1.9.2021	Yes
Returning to work after summer closure	Employees Pupils Young People Families Contractors Visitors Members of the public	<ul style="list-style-type: none"> Buildings and health and safety compliance checks continue to be undertaken (e.g. fire alarm, emergency lighting, water hygiene, lifts, etc.). Checking mechanical ventilation systems are working effectively and are properly maintained. Decide the tasks that need to be carried out as a priority. This will allow you to plan the order in which workers will return to your workplace and in what number. Information and instruction for returning workers to ensure clarity on arrangements for cleaning and hygiene and ventilation. Vaccination is a control measure against COVID so staff can be asked to confirm that they are vaccinated. This information will assist in the risk assessment for outbreak management plans. Communicate updates with supply staff and other temporary or peripatetic staff and volunteers to follow the school's arrangements for managing and minimising risk. Staff to undertake twice weekly home tests whenever they are on site until at least the end of September. Review/update policies to reflect changes brought about by updated COVID-19 requirements. Ensure website is compliant with regards to the publishing of policies and risk assessment. 		Encourage vaccination take up amongst eligible staff	Site manager	1.9.2021 ongoing	Yes
