## Hour of Prayer –Pilgrims of Hope

It has been a very reflective couple of days. We examined in greater detail the Pilgrim of Hope logo and thought of ways we can give hope to others. We also thought of times when we might need to have someone help and give us hope. After praying and setting the scene in class, we all journeyed around the Spiritual Space. It was wonderful! Each station we collected an item that resembled the Pilgrim of Hope logo and added it to our prayer bags, each time thinking about its meaning. We finished with a quite personal prayer.

These prayer bags are for the children to keep and use to pray with at home allowing them to feel closer to God in independent prayer. Ask your child about their experience!
