

# Friday 11<sup>th</sup> April

## The Stations of the Cross

We completed our week with The Stations of the Cross. As usual, the whole school took part taking a different station each. We experienced, song, movement, drama, mime and some incredible writing showing the emotions and events of this terrible time. There was not a dry eye in the Spiritual Space and all classes gave us lots to think about.

Thank you to everyone who shared this special time with us.
