

Gloucester Wild City Consultation

Gloucestershire Wildlife Trust would like to make Gloucester a happier and healthier place to live for all of its residents (people and wildlife). We are co-developing plans with many organisations and individuals to look at what changes could be made to neighbourhoods in and around the city. However we would like all residents of Gloucester to have their say on changes that could be made, and how people's lives could be improved.

Please answer the following short survey and ensure you have your say (please circle your answers below or write your comments).

1. Please tell us your postcode?

.....

2. What do you think are the main issues your community face?

3. What should be done to tackle these issues locally?

4. How do you think your local area could be improved for the benefit of the community *(please circle all that apply)*?

More information about places to go in the city	More community spaces	More community groups / hobbies
More opportunities for children to play and learn	More opportunity to build skills / improve employability	Better access / transport links
More wildlife and wild spaces	Less litter / antisocial behaviour	Opportunities to improve health and wellbeing

Other?

5. What do you think of the current parks, gardens and green space provision in Gloucester *(please circle all that apply)*?

Could be more natural / wild	Not enough green space, trees, plants throughout the city	Poor access within parks
------------------------------	---	--------------------------

Needs more play opportunities	Need more opportunities to learn about wildlife in greenspaces	Bland and uninteresting
Poor access and signage to get to parks	More events and activities to help explore green spaces	More facilities in parks (e.g. benches)

Other

6. Do you think improvements to the parks and green spaces around Gloucester could help tackle some of the issues for your community identified in question 2?
